

Quality Policy

ISO 9001:2015 Ref: 5.2

Parkinson Harness Technology Ltd, manufacture automotive and industrial wiring harnesses to customer specification. It is our policy to ensure conformance of all materials, products, and processes, to specification, and that they meet the contractual / applicable requirements, and the Quality Assurance System.

This policy is achieved by adherence to quality programmes designed to monitor and continuously improve the processes and systems of the company.

We aim to employ new technology, statistical techniques, and employee-training programmes, to meet our objective of consistently improving and exceeding customers' expectations.
